## Business Programs

**THE SIGN ON THE DOOR TO SUCCESS READS PUSH.**  
 BUT IT DOESN'T SAY YOU HAVE TO DO IT ALONE.

Estrella Mountain will prepare you with the skills and knowledge to become business leaders not only today, but through the changing trends and expanding opportunities of tomorrow. Under the guidance of instructors with extensive real world experience, you can develop your business sense and leadership abilities through programs of study in organizational leadership, accounting, small business management, investments, business law, marketing and customer service management. Through the courses in business and technology, you will develop advanced, marketable skills for immediate entry into the workforce, or ensure a smooth transition to a related degree program at the university.

SAMPLE CAREERS	STARTING	HIGH

BUSINESS PROGRAMS

## Technology

**ONE GIANT LEAP FOR MANKIND... BEGAN WITH FIRST STEPS. TAKE YOURS.**

The technology programs at Estrella Mountain are recognized as among the most advanced, unique offerings in the state. In addition to courses in CISCO networking technology, computer aided drafting (CAD), and IBM mainframes, the

college is the only site in Arizona for the Red Hat Linux certified training program in open source Linux/Unix programming. The college offers many technology courses in alternative online formats, so you can learn wherever you go. Whether

your interests include web design or just learning the basics of Microsoft Office, you will develop the skills to succeed in the dynamic, ever evolving world of information technology.
