FALL 2021 Community Education Classes

Workforce Development

Front-End Developer Software (Coding Bootcamp)

The program teaches students the skills and technologies necessary to enter the industry as a Front-End Software Developer. Skills and technologies include JavaScript, Algorithms, OOP, Design Patterns, Unit Testing, HTML, CSS, Bootstrap, JQuery, AJAX, ReactJS, JSX, NPM, Redux, and AWS. This program consists of three 6-week courses: Introduction to Java Script, Front End Technologies and Web App design with React JS. In addition to classroom hours, students will also be required to meet, one-on-one, with a mentor each week. To complete the 13-18 hours of weekly homework and content, students must have access to a computer with a minimum of 8GB RAM and i5 processor. NOTE: Includes the SQL certification exam. This class is a virtual hybrid.

Tuesdays, 8/10-12/14/21 (No class 11/23)

Dental Assisting

The 80-hour Dental Assisting Program prepares students for entry-level positions in one of the fastest growing health care positions - Dental Assisting. The purpose of this course is to familiarize the student with all areas of pre-clinical dental assisting and provide training in the professional skills required to function as an assistant in the dental practice. In addition to entry-level administrative jobs, this course is ideal for students interested in pursuing a future formal Dental Hygienist program. The program includes graded quizzes and exams. Textbooks included.

Mondays & Wednesdays, 9/13-12/01 (No class 11/24)

6:00pm-9:30pm

Pharmacy Technician Comprehensive

This comprehensive 72-hour program will prepare students to work as a pharmacy technician in a retail or other pharmacy setting and to take the Pharmacy Technician Certification Board's PTCB exam. Course content includes: pharmacy medical terminology, the history of pharmacy, the pharmacy practice in multiple environments, pharmacy calculations and measurements, reading and interpreting prescriptions and defining drugs by generic and brand names. Through classroom lecture and hands-on labs, students will review dosage calculations, drug classifications, the "top 200 drugs", I.V. flow rates, sterile compounding, dose conversions, aseptic technique, the handling of sterile products, total parenteral nutrition (TPN), dispensing of prescriptions, inventory control and billing and reimbursement. Textbooks included.

Tuesdays & Thursdays, 9/7-12/2 (No class 11/11 & 11/25)

6:00pm-9:00pm

Section #36662

\$1,399.00

***FROM the PTCB (Pharmacy Technician Certification Board):** We are pleased to let you know that Estrella Mountain Community College is a PTCB-Recognized Education/Training program. Being recognized by PTCB allows your students to meet eligibility requirements in 2020. You've now joined hundreds of organizations committed to developing a qualified pharmacy technician workforce. As a PTCB-Recognized Education/Training Program, those who have completed your program will be eligible to apply for the Pharmacy Technician Certification Exam (PTCE) starting in 2020.

NEW* Career Step Online Classes

Career Step is an online school offering career-focused education designed to help students quickly enter the workforce. The school is committed to providing the best online education experience, incorporating interactive learning tools such as hands-on practice, videos, games, forums, and chat rooms into its curriculum. Students also have one-on-one access to instructors who have years of experience actually working in the positions students are training for. After graduation, students have access to comprehensive graduate resources such as resume reviews, interview tips and tutorials, and new job opening notifications to help them successfully transition from education to employment. <https://partner.careerstep.com/emcc>

Registration, Enrollment, and Payment

You may register at our campus or by calling 623-935-8888-choose option #1. Payment can be made by cash, check or credit card. New policy states that tuition is due on the day that you register. Class sizes are limited, enroll early. We reserve the right to cancel a class if the minimum enrollment is not met.

Students will have an EMCC e-mail address and Student Identification Number assigned upon enrollment. Classes are designed for adults (18 years and older) unless otherwise specified. Class costs and fees will be fully refunded for classes canceled by EMCC or if the student drops the noncredit class prior to the course start date. Failure to attend class does not guarantee withdrawal or eligibility for a refund. Responsibility for withdrawing remains with the student.
