

What is my student learning?

Resources

We have many resources for your student, some of which we also cover here for you. We cover expectations, student services, student programming, helpful apps, tuition, payment info and advising.

Fields of Interest (FOI)

We have nine FOI for students to choose from. FOI are comprised of a group of majors that share similar interests. We introduce the Advisors, cover majors and discuss student clubs.

Degrees & Certificates & Class Placement

We provide an overview of the degrees and certificates that EMCC offers. We also discuss general required classes, such as: Reading, English, Math, and Strategies for College Success. These are the first classes we want students to start with.

Student Center

The Student Center is where students can check their grades, classes, add/drop classes, review their financial aid and much more. The student center is an integral part to students' education.

my.maricopa.edu

How to Register

We provide information on where to find classes and how to register for them.

Next Steps

The next step after ROAR is enrolling! A list of classes will be provided to them from their Advisors.

Students can also go back to review any information or re-watch any videos provided (closed captions available).
