The student has 3 options for their reflection.

OPTION 1- Written

1. Introduce and describe your service learning site in detail. Who does this organization serve? What role do they play in the lives of children/families? What issue is being addressed? Why is their work important? (do not use “I” in this first paragraph)
2. Summarize your experience from Day One and until your last day. What roles did you play? What was your most memorable experience while volunteering?
3. How did you apply what you were learning in class to your service learning experience? Try to give examples that relate and connect to specific content you’ve learned in your EMCC course.
4. What did you learn from the other staff/volunteers? What have you learned from the children/families? Who made the greatest impression on you? What did you gain through this experience? What did the organization, staff, or children/families gain from having you as a volunteer?
5. Include any final thoughts. What are your final impressions of the organization? What did you like best or dislike most about this experience? Do you feel SL was a valuable experience? Why or why not?
