The Foundation for Blind Children serves the blind and visually impaired of all ages, from birth to currently 102 years old. As the only agency of its kind in Arizona, they are an essential resource to families and children with blindness or low vision.

Free Arts mission is to heal children suffering from abuse, homelessness, or neglect with mentorship and artistic expression. We train Volunteer Mentors and teaching artists to use trauma informed principals with arts in four different programs that result in children feeling safe, building self-expression and skills, harboring self-efficacy, and building resilience and hope. Come learn how you can use your skills with the children we serve to make an impact in your community.

HALO Animal Shelter is a no-kill shelter that aims to provide a refuge to pets that might otherwise be euthanized at other shelters for reasons such as treatable injuries, illness, or those who are too scared or too young to go up for adoption. HALO believes it is critical to continue to nurture relationships with other welfare agencies to create life-saving strategies so we can all fully utilize our available resources to save as many lives as possible. To volunteer sign up at www.halorescue.org.

Today, as yesterday, we continue the Girl Scout mission of building girls of courage, confidence, and character who make the world a better place. We’re the preeminent leadership development organization for girls. And with programs for girls from coast to coast and across the globe, Girl Scouts offers every girl a chance to do something amazing.

The Heard Museum is a living museum – giving voice to a uniquely American people.
