

How to Use maricopa.edready.org for Placement

These instructions will help you access the temporary placement substitute for Accuplacer tests for ENG 101, MAT 142, and reading courses. Be sure to have the following items handy before you begin:

1. Your **MEID**
2. Your Maricopa email address (yourMEID@maricopa.edu)—if you have not accessed your Maricopa email account, go to <http://google.maricopa.edu>

To learn more about registering for and using EdReady, view the [EdReady Student Navigation Guide](#), which is also available on the Maricopa EdReady homepage.

Getting Started

Go to <https://maricopa.edready.org/home> and click on the blue **GET STARTED** box.

If you have an EdReady account, click the **Log In** dropdown menu in the upper right-hand corner to enter your login information.

If you don't have an account:

- Fill in the form (as shown below) under **Sign Up** For EdReady to create an account

- Be sure to use your Maricopa.edu email address: yourMEID@maricopa.edu
- The password you create needs to include: one uppercase letter, one lowercase letter, one number, and eight characters total
- Enter your MEID to complete your account setup
- Once you have entered this information, the system will send an activation email to your Maricopa.edu email address
- Copy and paste the activation code when prompted on the link to activate your EdReady account

When you log in to the homepage, you will see the available placement assessments, as shown below.

Choosing Your Goal

To place into ALT 100 or ENG 101, choose EdReady English Placement by clicking the blue Go to Goal button.

Completing the Diagnostic

To start the diagnostic, click on the **Start test now** button, and you will be given a series of questions. It will take about one hour to complete the diagnostic.

College Math Readiness

The first step of your study path is to complete this initial diagnostic to gain an understanding of your readiness.

Answer the questions as best you can, without study aids, in order to get the most accurate picture of your current understanding.

There is no built-in calculator for EdReady. Some exams (e.g., Accuplacer) allow the use of calculators for some problems, but not others. Use your judgment (or ask your teacher) to decide whether it is appropriate to use a calculator for some or all of this initial diagnostic.

The time of completion will vary. Expect to take at least an hour.

If you need to leave before your initial diagnostic is complete, your work will automatically be saved until your next visit to EdReady.

Close

Start test now

If you don't know something, be sure to use the **Skip** button. If you need to leave the diagnostic before you finish, click **Save and close**. You will be able to finish at another time.

Study Paths > College Math Readiness Study Path > Diagnostic

Whole Numbers ← Unit currently being covered

Progress: ← Overall progress until completion of diagnostic

The movement of the progress bar may be uneven because questions can be worth more or less (including zero) depending on your answer.

A satellite moves through space at a rate of 17,208 kilometers per hour. What is this number in word form?

- Seventeen thousand, twenty-eight
- One hundred seventy thousand, twenty-eight
- Seventeen thousand, two hundred eight
- Seven thousand, two hundred eight

Submit Skip

Save and close

Results

After you complete the diagnostic, you will see a score inside a purple circle on the scorebar. This is the score that will determine in which English, math, or reading course you can enroll. *Please provide a screenshot of this score for an advisor to help you with course enrollment if needed.*

Factoring

Recommended study time: 2 hours

Email/Print Study Path

UNIT TEST

Topics you need to study in this unit:

- Greatest Common Factor
- Factoring Trinomials
- Special Cases: Cubes
- Solve Quadratic Equations by Factoring

You have 17 units to study

Units are shown in recommended order of mastery.

If you do not get the score you need, or you want to increase your score in EdReady, you can work through the study plan provided. **Once you have the score you need for course placement, discuss your new options with an advisor.**
